May General Meeting

“Student Chapter Accomplishments ”

Thanks to the generosity of our members, the Inland Empire Section has been able to support the efforts of the Washington State University and Gonzaga University Student Chapters to contend in Regional Competition.

Troy Patterson, WSU ASCE President, will share the challenges they faced to design, fabricate, transport and assemble their Steel Bridge. Hear about the thrills of competing in the ASCE version of Friday Night Lights.

James Sulser, GU ASCE Vice President, will discuss the predatory competition involved with the environmental engineering competition that involves building a water filter, the surveying competition, and a trivia competition.

We should be proud of their accomplishments!

Upcoming Events.....

May 25, 2017 8:00 am - 4:00 pm
Climate Change and Water Resource Engineering; Fort Wright Institute

Alan Gay (509) 328-5139
